

## PCCW Solutions Philippines Delivery Center

### PCCW Solutions - Leading IT Services Provider in the Region

PCCW Solutions, part of PCCW Group headquartered in Hong Kong, represents the integrated information, communications, and technology provider in the region. The company offers full spectrum of system development and integration of industry solutions, IT outsourcing services, data center services, cloud infrastructure, digital and Internet of Things (IoT) solutions.

Ranked as the No.1 IT Services Provider in Hong Kong by Gartner\* with pan-regional presence, PCCW Solutions is a vibrant organization that is constantly growing and expanding its base, services, and competencies. PCCW Solutions spans across all geographies, practices, industries and capabilities to deliver strategic consulting, integrated services and world-class solutions to public and private sector companies in the Asia Pacific region.

PCCW Solutions offers multi-country delivery model by delivering high-quality and operational excellence through our delivery centers in mainland China and the Philippines. Our service delivery framework is fully adaptable to your business needs, enabling you to adopt timely, scalable and cost-effective solutions.

### PCCW Solutions Philippines

PCCW Solutions Philippines has successfully incorporated and established its development center in 2016. With over 320 staff in the Philippine office, the development center focuses on providing IT solutions and outsourcing services covering a variety of vertical and horizontal processes in serving the government and private sectors.

We help businesses of all sizes identify and solve the specific problems for long-term and successful joint outcomes. PCCW Solutions is well-positioned to serve our clients by leveraging the unique advantages of the Philippines and connecting businesses with exceptionally skilled and high performing teams to manage large-scale IT projects.
